Summary:

Headcanons for Billy Hargrove if he had a Tall significant other

Billy Having a Tall S.O

~Billy would likely make fun of her at first, but not out of actual hatred...it's more about his own toxic masculinity.

~He doesn't like the idea of being with a girl who is so much taller than him because it makes him feel small.

~However, he eventually realizes that is bullshit

~You are far too beautiful to ignore, even if he wants to.

~IS SO PROTECTIVE

~Let's say, for example, that someone is making fun of you for your height, or makes a comment about it-all hell is going to break loose.

~No one talks bad about his girl

~NO ONE

~You bend down for kisses. Billy isn't the kind of guy to get up on his tiptoes, not even for love. (But wouldn't that be great)

~Would probably start buying his jackets a little bit too big for him so that they're long enough for you to wear.

~He knows how upset short sleeves make you.

~And what if there is a hole in your jeans? The ones you looked all over for so they weren't high waters, that showed off your ankles?

~This boy would look all over the mall to find something for you, even going so far as to try to special order them with your measurements.

~Some guys have a problem with tall gf's wearing heels...not Billy.

~He loves how confident they make you (if you want to wear them) and has no problem walking alongside you, even though he does look even shorter.

~Would 100% tease you and make clique jokes about your height, all in good fun.

~"Hey baby, what's the weather like up there?"

~He's the only one in the world who is allowed to comment on your height though, and would never cross that line.

~Surprisingly, Billy is a little spoon. There is nothing he likes more than getting snuggled and your height is perfect for that.

~Over all, Billy would be so down to have an s.o who is taller than him
